

SEAN RAYMOND – DARKTRACE

Regional Director - Africa

Sean Raymond joined Darktrace in 2018 with a background in IT Security. Prior to Darktrace, Sean has over 8 years of IT Security experience having worked with the market leading IT Security providers across both reseller and vendor channels. He has spoken in front of a vast array of audiences internationally.

Sean's specialism lies in the application of AI and machine learning in order to futureproof and protect an organization's core business assets against cyber threat.

About Darktrace:

Darktrace [DARK.L], a global leader in cyber security artificial intelligence, is on a mission to free the world of cyber disruption. Breakthrough innovations in our Cyber AI Research Centre in Cambridge, UK have resulted in over 100 patents filed and research published to contribute to the cyber security community. Rather than study attacks, our technology continuously learns and updates its knowledge of 'you' and applies that understanding to optimize your state of optimal cyber security.

We are delivering the first ever Cyber AI Loop, fuelling a continuous end-to-end security capability that can autonomously spot and respond to novel in-progress threats within seconds. Darktrace employs over 2,000 people around the world and protects over 7,400 customers globally from advanced cyber threats. Darktrace was named one of TIME magazine's 'Most Influential Companies' in 2021.
