WHY CHOOSE BCX?

We at BCX understand the healthcare of South Africa. We have developed, supplied, and serviced modular solutions tailored to this market for over 30 years. Our mobile applications are developed to deliver stable and reliable solutions across different operating systems and hardware, as well as the public and private healthcare spaces.

WHY CHOOSE BCX?

- BCX is the only local provider who can offer a full end-to-end solution from voice calling and security, to client specific solutions. BCX is positioned to be the “one-stop-shop” for all your business’ communication and ICT needs.
- We also offer far more competitive rates on VoIP calls.
- Scalability - users can be increased or decreased as your business requires.
- BCX has a fully managed and fully redundant end-to-end network. This gives you peace of mind that you will always be connected and online.
- BCX offers everything from access, voice calling, video, and chat to security and hosting.
